## ▼ Batting action-type breakout game

"Pretty Girls Breakout!" is a block breaking game in which you control the player, batting at the right time and hitting the ball back.

## ▼New game modes!

### Pretty Battle

The difficulty level increases with the level of the stage.  
You can earn points by clearing each stage.  
Use the points you earn to get new costumes from the point exchange in the dressing room!

### Eternal Challenge

In this mode, players compete to see how high they can increase their high score by endlessly breaking blocks that are approaching.  
The score increases as you break blocks and smash continuously, but it decreases as the ball falls or you take damage.  
The game is over when the block reaches the position of your ship.  
Try your hand at the endless, never-ending stages!

## ▼ "KAWAII" girls await you!

A total of 10 characters will appear in the game!

New costumes can be changed in the dressing room.

All characters are voiced in Japanese.

## ▼The Dressing Room has been powered up!

In the diorama mode, you can place multiple characters at the same time and customize each character's placement, facial expression, and costume.

Ten different stamps can be attached to decorate the scene!

## ▼ Use batting action to hit the ball back and break the blocks!

Pretty Girls Breakout! features batting action!

Hitting the ball back at the right time will result in a smash, which will accelerate the ball and increase the damage it does to the block!

In addition, a series of smashes will give you a hit bonus that further increases the speed and power of the ball.

In some stages, enemies will appear and fire attack bullets at you, but you can bat the bullets back at them and damage the enemies and blocks!

Use your smash, which can do a lot of damage, to break blocks, kill enemies, and aim for a high score!

## ▼ Know the different types of blocks and their characteristics, and strategize to conquer them!

"Pretty Girls Breakout!" comes with five different types of blocks, each with different characteristics. Some of the indestructible blocks rotate the bar to hit the ball back, while others will fire enemy bullets from their turrets. The player's strategy and technique are the keys to success! Also, by breaking the blocks that contain items, you will get a chance to get various power-up items.
